
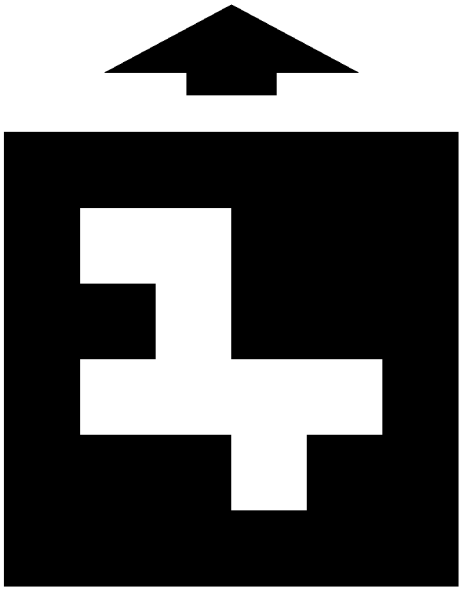
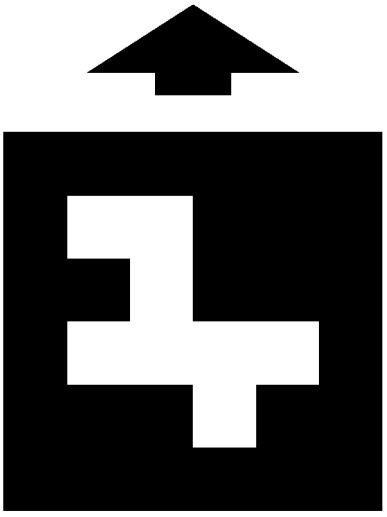
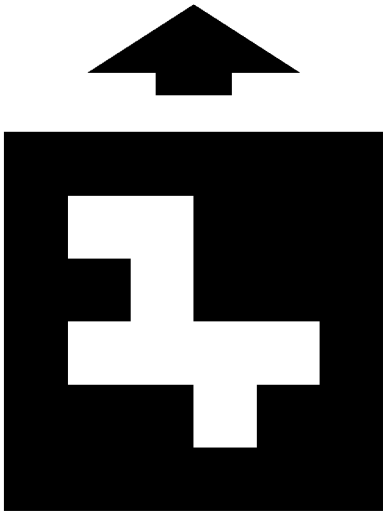
50 mm — minimum usable



50 mm — spare





>> Print at 100%%, normal quality, NOT draft / eco / toner-save. <<

Darker ink = higher score. If the black looks grey on paper, print again.

The BIG ARROW above each marker is the car's FRONT.

Tape so that arrow points the way the car drives.

Do not cut into the black border, and keep the white margin around it.

Before taping: hold the print up to the camera and ask for a check —

the software can measure the ink level and say whether it will read.

Measure the 100 mm line below before trusting any of this.
